Public Service Commission Post Secondary Recruitment Testing
Laurentian University, Arts building room A-226 and Classroom building room C-207
Saturday November 6th, 2010

Many of the job opportunities advertised as part of the Post-Secondary Recruitment (PSR) program require you to write one or more tests. When testing is required, **you will need to register on-line before the closing date of the job opportunity**

To register for a test, you must first apply for a job opportunity that requires testing. You must complete all of the requirements listed in the job advertisement; you will be able to register for a test only if you meet all of the requirements. If you meet all of the requirements and submit your application, you will be taken to a screen that provides a summary of the job opportunities you have chosen that require testing.

Please review this information; note the date by which tests must be written and the type of tests required for each. Links will be provided to:

- See previous results of a test;
- Obtain more information on the test and sample questions; and
- Book your test date.

To book a test, use the *Book a Test* feature and follow the remaining steps.

Each test site can accommodate a limited number of applicants. Applicants who have not registered for a particular test will not be admitted.

Some current career opportunities are listed below. For more please see
