[Programme de formation documentaire](#)

La formation documentaire sur WebCT, en cinq modules, est normalement assignée par les professeurs aux étudiant(e)s dans la première ou la deuxième année du bac. L'an dernier, plus de 1 700 étudiant(e)s ont complété le programme. La formation sur WebCT peut être accédée à partir de la page d'accueil de la bibliothèque. Cette année, le programme a été mis à jour pour refléter le nouveau catalogue de la bibliothèque, Evergreen.

En plus des ateliers documentaires sur WebCT, la Bibliothèque dispense aussi quelques « ateliers en direct » dont [l'horaire](#) figure en annexe.

[Refworks séances de formation en ligne](#)

<< RefWorks a le plaisir d'offrir gratuitement des [séances de formation en ligne](#) à tous ses abonnés. Le nombre de participants est limité et l'inscription est obligatoire. Des dates et séances sont régulièrement proposées et vous recevrez la confirmation de votre inscription à la séance qui vous intéresse.

À moins d'avis contraire, les séances sont offertes en anglais. Chaque mois toutefois, des séances sont aussi dispensées en espagnol, en français et en allemand par nos formateurs régionaux situés en Europe et il est possible de se procurer l'enregistrement des séances offertes dans ces langues sur les pages Worldwide correspondantes.

- Notes:
- Students entering Ontario universities today have access to a growing variety of world-class electronic information resources that are accessible to them 24x7x365. Our libraries are leaders in transforming traditional library services by adopting innovative technological solutions such as [ScholarsPortal](#), a shared gateway to scholarly resources and [RACER](#), a province-wide interlibrary loan service. Through these resources and services our libraries are preparing students for today's world of information. Our libraries also provide a wide array of unique resources, services, and facilities.
 - The table describes the holdings of the J.N. Desmarais Library, Laurentian University's main library. The University of Sudbury and Huntingdon University also have libraries, but they are not members of the Ontario Council of University Libraries (OCUL).
 - Students registered to programs offered jointly with colleges, such as Georgian College and St-Lawrence College, also have access to the libraries at these institutions.

Employment Rates: The employment rate is defined as the number of employed persons expressed as a percentage of the labour force where the labour force is those persons who were employed, or unemployed but looking for work. To determine employment rates of recent graduates, Ontario universities conducted a survey of all 2005 graduates of undergraduate degree programs. Graduates were asked questions regarding their employment situation six months and two years after graduation.

| Overall Graduation Rate | 64.9 |

Graduation Rates: The Ministry of Training Colleges and Universities has calculated graduation rates using a single entering cohort of students and determining whether or not they graduated within seven years. The methodology employed involves the selection of all new full-time, Year One undergraduate students on the official Fall 1998 enrolment file, who have a valid (and unique) student ID number, and were seeking either a bachelors or first professional degree. The subset was then matched against the records for students who received a degree (in any program) from the same institution during the most current seven-year period (1999 to 2005).

* Engineering students interested in specialties other than metallurgy and mining engineering (e.g., civil, mechanical, chemical engineering) had to transfer after two years to another university. Laurentian did not offer all four years of the program for several engineering specialties. Because of this arrangement and the methodology used by the Ministry, graduation rates for Laurentian's engineering programs are abnormally low.

Retention Rates 2007

| | |
|--|-------|
| | |
| Year 1 (Fall of 2006) to Year 2 (fall of 2007) Retention Rate: | 83.4% |

Notes:

- Percentage of first-time, full-time, first year, degree-seeking students, who applied on the basis of high-school credentials, who registered in a given fall term and returned to the institution in the next fall term.
- Calculation of the rate includes data for the federated universities (Thorneloe, Huntington, University of Sudbury, and Laurentian University) and the collaboration with Georgian College, but excludes Algoma, Hearst, the Northern Ontario School of medicine, and collaborations with Sault, Northern, Cambrian, and St-Lawrence College.
