The following tables show the percentage of full-time, first year students by range and program. Averages are based on final grades for Grade 12 university destination courses.

The information on each program cluster represents the combined results of admission policies for one or several programs, and for persons who have registered in an undergraduate program in the fall of 2008. Please refer to the section on admission policies to read about program-specific admission criteria for future students.

- Notes:
1. Students entering Ontario universities today have access to a growing variety of world-class electronic information resources that are accessible to them 24x7x365. Our libraries are leaders in transforming traditional library services by adopting innovative technological solutions such as [ScholarsPortal](#), a shared gateway to scholarly resources and [RACER](#), a province-wide interlibrary loan service. Through these resources and services our libraries are preparing students for today's world of information. Our libraries also provide a wide array of unique resources, services, and facilities.
 2. The table describes the holdings of the J.N. Desmarais Library, Laurentian University's main library. The University of Sudbury and Huntingdon University also have libraries, but they are not members of the Ontario Council of University Libraries (OCUL).
 3. Students registered to programs offered jointly with colleges, such as Georgian College and St-Lawrence College, also have access to the libraries at these institutions.

Transportation:	Free local bus pass ⁵	Free local bus pass ⁵
Other Expenses:	\$0 ⁶	\$756 ⁷
TOTAL	\$13,025	\$20,800
Costs may vary by program. For more detailed information on fees:		
URL to fee information:	http://fees.laurentian.ca	

- Notes:
1. These expenses are for the full 2009-10 academic year, which refers to the period of time generally extending from September to April, usually equated to two sessions. Ancillary fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees) and do not include optional fees (e.g., parking, laboratory use).

These estimates are examples only of the expenses that a student may incur. Actual expenses will depend on the program and on personal choices.

2. For a double-occupancy room; costs vary depending on the type accommodation (single or double occupancy), and on the building;

3. Debit-style meal cards ranging from \$150 to \$2,700 depending on the student preference. See <http://www.campusdish.com/en-US/CA/Laurentian/M mealPlans/> for the details;

4. Can vary significantly depending on the program;

5. Ancillary fees include the bus pass;

6. Domestic students should budget for additional discretionary expenses, for clothing, leisure, etc.

7. International students must purchase health insurance. They should also budget for additional discretionary expenses, for clothing, leisure, etc.

Social Science	94.68	89.89
T total	94.72	93.22

Employment Rates: The employment rate is defined as the number of employed persons expressed as a percentage of the labour force where the labour force is those persons who were employed, or unemployed but looking for work. To determine employment rates of recent graduates, Ontario universities conducted a survey of all 2006 graduates of undergraduate degree programs. Graduates were asked questions regarding their employment situation six months and two years after graduation.

Key Performance Indicators (KPI)

Degree Completion Rate for Undergraduate Cohort, Fall 1998

Program	Graduation Rate (%)
Agriculture & Biological Science	59.6
Business & Commerce	70.8
Computer Science	69.7
Education	96.7
Engineering	38.7*
Fine & Applied Arts	100.0
Humanities	62.9
Kinesiology, Recreation & Phys. Educ.	69.7
Mathematics	50.0
Nursing	70.5
Other Arts & Science	56.5
Other Education**	100.0
Physical Science	37.5
Social Science	58.2
Total new full-time year one undergraduate students enrolled in fall 1998	1,015
Total students reported above who graduated by 2005	659
Overall Graduation Rate	64.9

Graduation Rates: The Ministry of Training Colleges and Universities has calculated graduation rates using a single entering cohort of students and determining whether or not they graduated within seven years. The methodology employed involves the selection of all new full-time, Year One undergraduate students on the official Fall 1998 enrolment file, who have a valid (and unique) student ID number, and were seeking either a bachelors or first professional degree. The subset was then matched against the records for students who received a degree (in any program) from the same institution during the most current seven-year period (1999 to 2005).

* Engineering students interested in specialties other than metallurgy and mining engineering (e.g., civil, mechanical, chemical engineering) had to transfer after two years to another university. Laurentian did not offer all four years of the program for several engineering specialties. Because of this arrangement and the methodology used by the Ministry, graduation rates for Laurentian's engineering programs are abnormally low.

Retention Rates 2008

Year 1 (Fall of 2007) to Year 2 (fall of 2008) Retention Rate:	84.2%

Notes:

- Percentage of first-time, full-time, first year, degree-seeking students, who applied on the basis of high-school credentials, who registered in a given fall term and returned to the institution in the next fall term.
- Calculation of the rate includes data for the federated universities (Thorneloe, Huntington, University of Sudbury, and Laurentian University) and the collaboration with Georgian College, but excludes Algoma, Hearst, the Northern Ontario School of medicine, and collaborations with Sault, Northern, Cambrian, and St-Lawrence College.
