

Part-time students can complete the 30-credit program in three to six years. The patterns outlined below are modeled around the following constraints:

- the Practicum may be initiated only AFTER completion of Core I and Core II
- the three stages of the Practicum (Development, Placement, Research Paper) must be realized in three consecutive semesters
- the Practicum must be initiated in a Winter semester.

Other trajectories would be possible, within the same set of constraints.

Part-time students pursuing the course-plus-thesis stream, while adhering to the same constraints, can arrange a schedule for thesis completion in consultation with their thesis supervisor.

Pattern 1

	Fall Semester	Winter Semester
Year 1	Core I Core II	1 st elective 2 nd elective
Year 2	3 rd elective 4 th elective	Practicum Development 5 th elective
Year 3	Practicum placement	Practicum Research Paper

Pattern 2

	Fall Semester	Winter Semester
Year 1	Core I	1 st elective
Year 2	Core II	2 nd elective
Year 3	3 rd elective	Practicum Development 4 th elective
Year 4	Practicum Placement 5 th elective	Practicum Research Paper

Pattern 3

	Fall Semester	Winter Semester
Year 1	Core I	1 st elective
Year 2	Core II	2 nd elective
Year 3	3 rd elective	4 th elective
Year 4	5 th elective	Practicum Development
Year 5	Practicum Placement	Practicum Research Paper
