

Join us for the...

SUDBURY CAMPUS MASTER PLAN PUBLIC OPEN HOUSE

EVENT DETAILS:

3:30 - 5:00 PM

WED. FEB. 06, 2013

ALUMNI HALL

This public Open House will provide a summary of the proposed vision and principles to guide the master planning process, and will also seek feedback on work completed during an earlier workshop, including the preliminary conceptual design framework to guide growth and change on the Sudbury Campus over the planning horizon.

This event will include:

(1) An outline of the objectives for the Sudbury Campus Master Plan;
(2) A report back to you on what we've heard so far, collected from: discussion guides, comment sheets, stakeholder interviews and workshops, and outcomes from the last public events in November 2012;

(3) A presentation outlining the emerging vision and principles, which build on the input received to date, as well as the preliminary conceptual design framework;

(4) A facilitated question and answer period.

**WE LOOK FORWARD TO RECEIVING YOUR INPUT TO THE
CAMPUS MASTER PLANNING PROCESS.**
