| Institution Rate                     | 97.3%                                   | 95.5%                                    | 63.0%                        | 14.0%                     |

The data include the federated universities (Thorneloe, Huntington, University of Sudbury, and Laurentian University) and the collaboration with Georgian College, but they exclude Algoma, Hearst, the Northern Ontario School of medicine, and collaborations with Sault, Northern, Cambrian, and St-Lawrence College.

1. Employment Rates: The employment rate is defined as the number of employed persons expressed as a percentage of the labour force where the labour force is those persons who were employed, or unemployed but looking for work. To determine employment rates of recent graduates, Ontario universities conducted a survey of all 2002 graduates of undergraduate degree programs. Graduates were asked questions regarding their employment situation six months and two years after graduation.

2. Graduation Rates: The Ministry of Training Colleges and Universities has calculated graduation rates using a single entering cohort of students and determining whether or not they graduated within seven years. The methodology employed involves the selection of all new full-time, Year One undergraduate students on the official Fall 1996 enrolment file, who have a valid (and unique) student ID number, and were seeking either a bachelors or first professional degree.

The subset was then matched against the records for students who received a degree (in any program) from the same institution during the most current seven-year period.

3. These 2004 default rates reflect the repayment status of students who were issued Ontario Student Loans in the 2001-2002 academic year and completed or exited their studies in 2002-2003. Includes graduate students in these programs.

4. For employment rate, sample size of four or fewer individuals.

5. Data not available / not reported.

6. Number of Ontario Student Loans issued was less than 5.

\* School Librarianship, Education Administration, Education Psychology, Guidance and Counselling, Curriculum Specialization, Measurements and Evaluation, Education Foundations, Other Non-Teaching Fields

\*\* Bachelor of Arts in Law and Justice included in Social Sciences
